

"This Day"

We see many brochures, bulletins and newsletters from other ministries. It seems all have a word that rhymes with "five" in our year 2005. They have statements:

"Thrive in 2005"

"Survive in 2005"

"Alive in 2005"

"Rise in 2005".....

I have been asked by many ministers and congregation members what I believe God is saying for 2005:

First, just the number "5" in scripture always speaks of God's Grace and God's Goodness. I believe in all things, situations and events -- personally or corporately - locally or on the world stage -- all we face or encounter in the space of time ahead, that God's Grace has been promised to us to be sufficient!

In all happenings, I have seen Father's hand finding openings in our lives to place His goodness, His likeness, His character within us. [That's Good News!](#)

I can't help but feel hope "in spite of...." I can't help but feel a stirring and excitement "in spite of...." According to Revelation 3:3 we are being exposed to situations to learn lessons for THIS DAY. We're not "just surviving" or trying to "hold on". We are being schooled and prepared for THIS DAY.

I have also been asked about and reminded of a prophecy I gave to the New Creation Ministries Staff in October 2000. I've preached bits and pieces of it in churches across our land. The prophecy spoke of earthquakes in the islands that would certainly cause Tsunamis. It also spoke that the quake would shift the earth's axis... and for us not to live as if we are without knowledge. When we begin to see extremes in weather, talk of global warming, return of the ice age, or global changes, we are to know the axis has shifted also in the spiritual realm. Sometimes after an earthquake takes place in the natural, it is hours or days before the result hits coastlines with Tsunamis.

God spoke that the earth has quaked (spiritual sense) and to give heed. While we are going about our "church" activities and programs we must know the shift has happened to prepare accordingly. Those congregations, pastors and leaders who only strive and thrive on miracles and manifestations.... the axis has shifted! The full impact may not yet have hit the coasts, but the shift has taken place. We're not going to get by with "general fare" or feeding "shucks and pods" when there's going to be a people hungry for much more. God has been encouraging ministers and believers who preach and speak Word that a New Day was coming. While so many run here and there for their "portion of a miracle/manifestation" (what they consider "their divine right"), God has a people of hunger that is rising up. A people whose spiritual man is not totally satisfied by just "another manifestation", even though we certainly thank God for His blessings, miracles and manifestations. There is going

to be a Company of Believers whose heart beats after Father's heart wanting to KNOW HIM... not just about Him. This company has realized that God's gifts do not fully identify God's character to us. We want to KNOW GOD. The axis has shifted!

Let me immediately say that this prophecy does not indicate God sends the earthquakes and Tsumamis "to teach us a lesson" or "purge population" or any of the other unhealthy "explanations" floating about spoken from voices of visibility. But, according to Romans 8:21-23, even creation - the earth - groans under the sin weight, waiting for release.

Since God gave this prophecy in year 2000 I have heard reports, read articles, etc. by scientists explaining "what's happening to earth" and "global changes". Exact quotes from scientists about the "earth's tilt on its axis...", "Changes in the earth's position relative to the sun...", "changes of the earth's position in its orbit relative to the sun...", "Changes of earth's position in its orbit and the 'precession of equinoxes'...", etc.

I quote from an article after the South Asian earthquake, "... a massive quake like this one will affect both the earth's rotation and its wobble about its axis, experts said... but only the most sensitive instruments will detect it" (Seismologist Hiyo Knamori of Cal Tech).

Let us act according to what Father has spoken. A shift has taken place - are we aware of it in our churches, our ministries and our personal walk with God? Are we the sensitive instruments that can detect it? God has something to say and establish in THIS DAY. Are you a minister/believer of the WORD? Can we detect this hour? Do we perceive it? Do we know it? Will we give heed to it? (Isa. 43:19 Amp)

Because of "Soul Talk" in our churches and places of leadership, we have formed "living skeletons" but not healthy, robust, energized, empowered Believers. (Eph 6:10 Amp) "Soul Talk" is preaching/teaching that builds soul rather than Spirit. What God can do for ME? How He can meet MY need. It's all about ME. A "Just Jesus and ME" philosophy - just wanting Gifts and Power to impress others with how important or good we are. Never seeing beyond My circumstances to know why we're Sons and Daughters. What is it to do business in Father's name? Do we know the value and joy of having received the Spirit of Adoption because of The Pedagogue (Holy Spirit) teaching us the ways of the Household producing Sonship! (Romans 8:15). Do we Preach and live WORD that feeds hunger and clothes nakedness - I'm speaking of more than physical needs.

"Soul Talk." We've formed our "teachings" and "beliefs" on it. I saw nations of the world from the most lavish cathedrals to the lowliest huts where people were gathered for "church". From air conditioned, luxurious padded pews to dark-skins sitting on the ground with light rain falling... All gathered to hear... to be ministered to...

In common to each scene that God showed me, were skeletons with skin stretched tightly on bones... emaciated. I asked, "Father, what am I seeing?" And He spoke, "I've just shown you the results of preaching/teaching 'Soul Talk'."

BUT THE AXIS HAS SHIFTED! Those of you yearning for people to hear the Word as you teach/preach/share... yearning for a time in our service that witnessing will be of Spirit instead of promising incentives to get "faithfulness". Preaching Word and having people go to another church saying, "Things are happening over there that really excite me"... and you see your congregation and growth dwindle... again...

Good news! The DAY has come! THE AXIS HAS SHIFTED! In some areas the full impact may not have reached your shore... but don't act as if you are without the

knowledge of This Day! A Day of learning, a Day of lessons, A Day of circumstances, a Day of finding Grace sufficient as Father continues to show us HIS goodness, HIS likeness, HIS character being formed in HIS SONS and DAUGHTERS.

God spoke this to us over four years ago to prepare us and give knowledge of THIS DAY.
"Behold, former things have come to pass, and new things I now declare; before they spring forth I tell you of them." (Isa. 42:9 Amp)

Now that's GOOD NEWS!

*Joyfully His,
Dr. Lois*
